

FERNANDO LLANES PAZ

QA Analyst · ISTQB® CTFL

Contact: Tucumán, Argentina · +54 381 678-3152 · fernandollanespaz@gmail.com · linkedin.com/in/fernandollanespaz

About me

QA Analyst with 5 years of experience in manual and automated QA, supported by AI tooling (Cursor) and automation with Python, pytest, and Playwright. Most of my career has been in IT banking (traditional banking, fintech, and digital financial products), with strong understanding of sector requirements, risk, and standards—proactively adopting modern tools to improve processes.

Languages

Spanish: native

English: B1

Skills

- Functional & non-functional testing; regression, smoke, black-box.
- APIs: Swagger / Postman. Management: Jira + Xray. Methodology: Scrum.
- Databases: Oracle, MySQL, ASEiSQL. Logs: Red Hat / OpenShift.
- Automation: Python, pytest, Playwright.
